

Life Proof Extended Warranty

This is an upgrade to our standard warranty, supersizing the length and coverage. With this warranty, we will replace or repair your broken, damaged or defective product, including cost of shipping, no questions asked, for a period of 5 years from date of purchase. Whether it's a simple fix of a new string or a whole new blind because your dog chewed through the slats, we'll get your window blinds looking like new again.

Resolution of Warranty Issues

Repair or Replace: Depending on the issue described, your Blinds.com service representative will determine whether the best course of action is to repair or replace the blind.

- **Replace:** If we choose to replace your original product, the replacement product will be identical to the original product in size, material and other specifications. Replacement product must be installed in the same window as the original product. Each product covered by this warranty can be replaced a maximum of one time. At our option, we will send a return shipping label with your replacement product, and require that you return the original product at our cost. If the original product is not received within 30 days, you will be billed for the replacement product.
- **Repair:** If we choose to repair your product, we will either send a professional installer to your home or business to correct the problem, or send a pre-paid shipping label for return.

Product Discontinuation: If your original product has been discontinued, we will attempt to repair and restore it. If this is not possible, we will provide replacement product that matches your original product as closely as possible at no extra charge.

After Warranty Expiration:

- Many products can still be repaired for a nominal charge.
- In many cases, a repair kit with the necessary components and instructions to facilitate the repair can be sent to the customer. A nominal charge may apply.
